

Professional Staff Time Schedules

The teachers' school day shall be **8.5** hours for the number of student contact days in the school calendar and any additional negotiated teacher days. The specific hours for each school for each school year shall be recommended by the principal and approved by the superintendent.

If the Board declares a fiscal emergency during the budget year as allowed by state law, it may alter the work year of all employees, after holding a work session with representatives of the recognized teacher organization. Principals are authorized to make exceptions to the requirements of this policy for faculty meetings, committee meetings, or other sufficient cause.
