

Student Social Events

The Board believes that social activities in school life assist students in learning how to enjoy worthwhile group events, how to conduct them and how to contribute to the enjoyment of others. Therefore, with the approval of the building principal, school groups and classes may hold social events for their membership using school facilities. All such activities must be adequately supervised by staff members.

The principal and the teaching staff shall evaluate social events in terms of contributions to student growth and morale.

Regulations shall be established by the individual schools governing the specific events in that school. Such rules must provide for proper chaperoning at each event.
