

## **Special Use of School Buses**

School bus services may be used as transportation for student field trips and extracurricular activities in accordance with amounts budgeted for such purposes and subject to regulations established by the superintendent.

All arrangements for bus services for special trips shall be made by the director of transportation.

Additional drivers may be assigned to any bus scheduled to leave the San Luis Valley for school sponsored activities. The purposes of this policy are to increase driver alertness on long trips and to provide inservice training to lesser experienced activity drivers.
