*Adult Meal Prices. The adult meal price is based on a formula provided by CDE. It includes the district's reimbursement rate for a free student meal plus the district's rate of commodity assistance per plate. This meal price is designed to cover the cost of a meal that is the same size as a secondary student meal. Additional portions and menu items are not included in this new meal price. Any additional items must be purchased separately, for an additional fee. Any additional items will be sold at their current market value.
