

Student Conferences/Parent Conferences

Interviews with students and parents are a desirable way of creating better understanding between the home and the school. Therefore, parent-student-teacher conferences will be held as scheduled in both the elementary and secondary schools.

Conferences should provide an opportunity for a mutual exchange of information and ideas for the welfare of the student.

Teachers are expected to request additional conferences with parents or students as the needs may indicate.

The principal or any other staff member should be present when reasons for their presence are indicated.
