

Student Fund-Raising Activities

All fund raising activities will be coordinated through the office of the principal. No such activity is to be planned without such approval. The details of each planned activity will be forwarded to the superintendent for consideration using the form contained in JJE-E.

Open solicitation of businesses is discouraged. Solicitation for advertisements is limited to school-sponsored publications.

School principals will ensure that procedures are in place to:

- 1) Match the number of fund-raisers to the fiscal needs and purposes of an organization.
- 2) Prohibit the sale of automatically renewing or recurring subscription product sales by for profit companies such as candy, magazines, and etc.
- 3) Minimize the impact of fundraising requests to local businesses.
